Truck Body Ladder Specification Guide and Price List

VertiRack™

Truck Body Ladders

VertiRack Truck Body Ladders are available in any width or height to fit your particular application.

Standard ladder size is 16 3/8" overall width, with a tread width of 13 1/4", by the heights and configurations listed below. VertiRack offers two different ladder depths; standard ladder depth is 3" overall, which mounts to the rear of the vehicle over your roll up door. VertiRack offers an optional ladder depth of 5 1/2" overall, which can mount to other areas of the vehicle and provides sufficient ladder depth to accommodate the users foot; substitute **XD** for the **SD** suffix in the below model numbers and add \$57.40 to the ladder list price.

To order ladders other than the sizes and configurations listed in this price list, please call with your size requirements and we will be happy to quote you a price.

Model Number	Description	Price
TBL7216-5R-SB	72" high, 5 rung truck body ladder	\$461.23
TBL8416-6R-SB	84" high, 6 rung truck body ladder	\$516.63
